

## REMARKS

The first amendment to the specification adds a specific reference to previous applications.

The second Amendment to the Specification on page 1, line 10, corrects a typographical error in a section heading.

The third Amendment to the Specification on page 40, lines 11-15, is identical to an amendment of the parent application – Serial No. 10/019,026, filed on December 26, 2001 – except that the word “feeling” in the last sentence is replaced by the word “feel.”

Support for the third amendment to the Specification is found on page 14, lines 5-10.

Claims 1-12 are cancelled without prejudice.

Claims 13-20 are as originally presented.

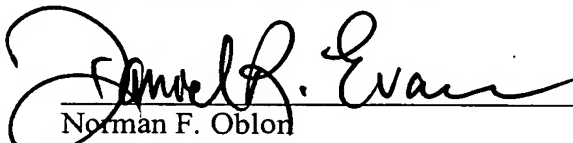

Therefore, no new matter will be added upon entry of the amendment.

Upon entry of the amendment, Claims 13-20 will be active.

An action on the merits and allowance of the claims is requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
